PROPOSED AMENDMENT

Asst. Commissioner of Patents Washington, D.C. 20231

Dear Sir:

5

Please amend the above-identified patent application as follows:

Set forth below is a clean copy of the amended claims. Appellants request the clean copy of the claims be entered.

CLEAN COPY OF AMENDED CLAIMS

1. (Amended) A moveable undercarriage for supporting and moving a welder and/or power supply over a ground surface comprising a base to support the welder and/or power supply, a front and rear axle secured to said base, two front wheels rotatably secured to said front axle, two rear wheels rotatably secured to said rear axle, and a push bar secured to said base, said rear wheels having a radius that is greater than a radius of said front wheels, said base having a generally flat top
